See accompanying notes to these condensed consolidated financial statements.

#### NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

#### (1) Basis of Presentation

The accompanying unaudited condensed consolidated financial statements present the condensed consolidated results of our company taken from our books and records. In our opinion, such information includes all adjustments, consisting of only normal recurring adjustments, which are necessary to make our financial position at March 31, 2006 and March 31, 2005 and the results of our operations for the three month periods ended March 31, 2006 and March 31, 2005 not misleading. As permitted by the rules and regulations of the Securities and Exchange Commission (SEC) the accompanying condensed consolidated financial statements do not include all disclosures normally required by accounting principles generally accepted in the United States of America. These condensed consolidated financial statements should be read in conjunction with the financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2005 on file with the SEC. In our opinion, the condensed consolidated financial statements are a fair presentation of the financial position, results of operations and cash flows for the periods presented.

The results of operations for the three month period ended March 31, 2006 are not necessarily indicative of the results of operations to be expected for the full fiscal year ending December 31, 2006.

Unless otherwise noted, amounts reported in tables are in thousands, except per share data.

#### (2) Recently Issued Accounting Pronouncements

On December 16, 2004, the FASB published FASB Statement No. 123 (revised 2004), *Share-Based Payment* ("Statement 123R"), requiring that the compensation cost relating to share-based payment transactions be recognized in financial statements. That cost will be measured based on the fair value of the equity or liability instruments issued. We adopted Statement 123 (R) as of January 1, 2006. See Note 4 for discussion of the impact of the adoption of Statement No. 123 (R).

#### (3) Acquisition

On October 18, 2004, Natural Gas Services Group, Inc. entered into a Stock Purchase Agreement with Screw Compression Systems, Inc., or "SCS", and the stockholders of SCS. Under this agreement, Natural Gas Services Group, Inc. agreed to purchase all of the outstanding shares of capital stock of SCS.

SCS is a privately owned manufacturer of natural gas compressors, with its principal offices located in Tulsa, Oklahoma.

#### NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

The stockholders of SCS received, in proportionate shares (based on their stock ownership of SCS), total consideration consisting of:

- \$8 million in cash;
- Promissory notes issued by Natural Gas Services Group, Inc. in the aggregate principal amount of \$3 million bearing interest at the rate of 4.00% per annum, maturing three years from the date of closing and secured by a letter of credit in the face amount of \$2 million; and
- 609,756 shares of Natural Gas Services Group, Inc. common stock. All of the shares are "restricted" securities within the meaning of Rule 144 under the Securities Act of 1933, as amended, and will bear a legend to that effect.

This transaction was completed January 3, 2005 and Natural Gas Services Group, Inc. began reporting combined financial information with SCS in January 2005.

#### (4) Stock-Based Compensation

Adoption of SFAS No. 123(R)

Effective January 1, 2006, the Company adopted the fair value recognition provisions of Statement of Financial Accounting Standard 123(R) "Share-Based Payment" ("SFAS 123(R)") using the modified prospective transition method. In addition, the Securities and Exchange Commission issued Staff Accounting Bulletin No. 107 "Share-Based Payment" ("SAB 107") in March, 2005, which provides supplemental SFAS 123(R) application guidance based on the views of the SEC. Under the modified prospective transition method, compensation cost recognized in the quarterly period ended March 31, 2006 includes: (a) compensation cost for all share-based payments granted prior to, but not yet vested as of January 1, 2006, based on the grant date fair value estimated in accordance with the original provisions of SFAS No. 123, and (b) compensation cost for all share-based payments granted beginning January 1, 2006, based on the grant date fair value estimated in accordance with the provisions of SFAS 123(R). In accordance with the modified prospective transition method, results for prior periods have not been restated. The adoption of SFAS 123(R) resulted in stock compensation expense for the quarterly period ended March 31, 2006 of \$73 thousand to income before income taxes.

The Black-Scholes option-pricing model was used to estimate the option fair values. The option-pricing model requires a number of assumptions, of which the most significant are expected stock price volatility, the expected pre-vesting forfeiture rate and the expected option term (the amount of time from the grant date until the options are exercised or expire). Expected volatility was calculated based upon actual historical stock price movements over the most recent periods ending March 31, 2006. The expected option term was calculated using the "simplified" method permitted by SAB 107. The expected forfeiture rate is based on historical experience and expectations about future forfeitures.

#### NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Prior to the adoption of SFAS 123(R), the Company accounted for stock-based awards to employees using the intrinsic value method described in Accounting Principles Board Opinion (APB) No. 25, *Accounting for Stock Issued to Employees*, and its related interpretations. Accordingly, no compensation expense has been recognized in the accompanying consolidated financial statements for stock-based awards to employees or directors when the exercise price of the award is equal to or greater than the quoted market price of the stock on the date of the grant.

Pro-Forma Stock Compensation Expense for the Quarterly Period Ended March 31, 2005

For the quarterly period ended March 31, 2005, the Company applied the intrinsic value method of accounting for stock options as prescribed by APB 25. Since all options granted during the quarterly period ended March 31, 2005 had an exercise price equal to the closing market price of the underlying common stock on the grant date, no compensation expense was recognized. If compensation expense had been recognized based on the estimated fair value of each option granted in accordance with the provisions of SFAS 123 as amended by Statement of Financial Accounting Standard 148, our net income and net income per share would have been reduced to the following pro-forma amounts (in thousands, except per share amounts):

		e Months Ended
	March	h 31, 2005
Net income, as reported	\$	898
Compensation expense under Opinion 25		_
Deduct: Total stock-based employee compensation expense determined under fair value method for all awards (net of tax)		(46)
Income available to stockholders, pro forma	\$	852
Earnings per share:		
Basic, as reported	\$	0.13
Basic, pro forma	\$	0.13
Diluted, as reported	\$	0.11
Diluted, pro forma	\$	0.11

Pro-forma compensation expense under SFAS 123, among other computational differences, does not consider potential pre-vesting forfeitures. Because of these differences, the pro-forma stock compensation expense presented above for the prior quarterly period ended March 31, 2005 under SFAS 123 and the stock compensation expense recognized during the current quarterly period ended March 31, 2006 under SFAS 123(R) are not directly comparable. In accordance with the modified prospective transition method of SFAS 123(R), the prior comparative quarterly results have not been restated.

#### Stock Option Plan

The Company's 1998 Stock Option Plan (the Plan), which is shareholder approved, permits the grant of share options and shares to its employees for up to 150,000 shares of common stock. The Company believes that such awards better align the interests of its employees with those of its shareholders. Option awards are generally granted with an exercise price equal to the market price of the Company's stock at the date of grant; those option awards generally vest based on three years of continuous service and have ten-year contractual terms. Share awards generally vest over three years. Certain option and share awards provide for accelerated vesting if there is a change in control (as defined in the Plan).

#### NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

The fair value of each option award is estimated on the date of grant using the Black-Scholes option valuation model that uses the assumptions noted in the following table. Because Black-Scholes option valuation models incorporate ranges of assumptions for inputs, those options on the Entity's stock, historical volatility of the Company's stock, and other factors. The Company uses historical data to estimate option exercise and employee termination within the valuation model; separate groups of employees that have similar historical exercise behavior are considered separately for valuation purposes. The expected term of options granted is derived from the output of the option valuation model and represents the period of time that options granted are expected to be outstanding; the range given below results from certain groups of employees exhibiting different behavior. The risk-free rate for periods within the contractual life of the option is based on the U.S. Treasury yield curve in effect at the time of grant.

		Three Months Ended March 31,	
	2005	2006	
Weighted average fair value assumptions:			
Risk free rate	4.0%-6.8%	4.0%-7.25%	
Expected life	10 yrs	10 yrs	
Expected volatility	39.0%	39.0-47.0%	
Expected dividend yield	0.0%	0.0%	

A summary of option activity under the plan as of March 31, 2006 is presented below. For the quarterly period ended March 31, 2006, the Company did not grant any options under the 1998 Stock Option Plan.

	Number of Stock Options	Weighted Average Exercise Price	Weighted Average Remaining Contractual Life (years)	Aggregate Intrinsic Value
Outstanding, January 1, 2006	146,668	\$ 7.69		
Granted Exercised Forfeited or expired	(666) 	\$ 7.50 ——		
Outstanding, March 31, 2006	146,002	\$ 7.69	8.27	\$ 1,488
Exercisable, March 31, 2006	86,320	\$ 7.34	7.87	\$ 910

The weighted-average grant date fair value of options granted during the quarter ended March 31, 2005 was \$4.27. No options were granted during the quarter ending March 31, 2006. The total intrinsic value, or the difference between the exercise price and the market price on the date of exercise, of options exercised during the quarterly period ended March 31, 2006, was approximately \$6 thousand. Cash received from stock options exercised during the quarterly period ended March 31, 2006 was \$5 thousand.

#### NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

The following table summarizes information about the options outstanding at March 31, 2006:

	Options Out	standing		Options E	xercisable
Range of Exercise Prices	Shares	Weighted Average Remaining Contractual Life (years)	Weighted Average Exercise Price	Shares	Weighted Average Exercise Price
\$0.00 —        5.55	50,000	6.76	\$ 4.23	45,000	\$ 4.08
5.56 — 9.43	86,002	8.97	8.62	31,320	8.94
9.44 — 16.96	10,000	9.76	16.96	10,000	16.96
\$0.00 — 16.96	146,002	8.27	\$ 7.69	86,320	\$ 7.34

The summary of the status of the Company's unvested stock options as of March 31, 2006 and changes during the quarter ended March 31, 2006 is presented below.

Unvested stock options:	<u>Shares</u>	Weighted Average Grant Date Fair Value
Unvested at January 1, 2006	75,333	\$ 10.34
Granted	_	_
Vested	(15,000)	14.37
Forfeited or expired	_	_
Unvested at March 31, 2006	60,333	\$ 9.34

As of March 31, 2006, there was approximately \$474 thousand of unrecognized compensation cost related to unvested options. Such cost is expected to be recognized over a weighted-average period of 1.8 years. Total compensation expense for stock options was \$73 thousand for the quarter ended March 31, 2006.

### (5) Inventory

Inventory, net of reserves, consisted of the following amounts:

	December 31,	March 31,
	2005	2006
		(unaudited)

Work in process	2,952	3,412
	\$ 14,723	\$ 18,532

#### NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

#### (6) Long Term Debt

On January 3, 2006, we entered into a Sixth Amended and Restated Loan Agreement, or "Loan Agreement," with Western National Bank, Midland, Texas. This Loan Agreement (1) continued and carried forward, without change, our previously existing advancing line of credit and term loan facilities, and (2) modified our revolving line of credit facility. Our revolving line of credit, term loan and advancing line of credit facilities are described below.

On March 24, 2006, we entered into a Modification Agreement with Western National Bank, Midland, Texas. This Modification Agreement of our existing loan agreement with Western National Bank, Midland, Texas adjusted the rate per annum from prime rate plus 0.5% to the Prime Rate. This Modification Agreement is effective April 1, 2006.

Revolving Line of Credit Facility. Our revolving line of credit facility allows us to borrow, repay and re-borrow funds drawn under this facility. After entering into the Sixth Amended and Restated Loan Agreement, the total amount that we could borrow and have outstanding at any one time was limited to the lesser of \$10.0 million or the amount available for advances under a "borrowing base" calculation established by the bank. As of March 31, 2006, the amount available for revolving line of credit advances under our borrowing base was \$8.97 million. The amount of the borrowing base is based primarily upon our receivables, equipment and inventory. The borrowing base is re-determined by the bank on a monthly basis. If, as a result of the re-determination of the borrowing base, the aggregate outstanding principal amount of the notes payable to the bank under the Loan Agreement exceeds the borrowing base, we must first prepay the principal of the revolving line of credit note in an amount equal to such excess, and if the excess is not eliminated by the prepayment, we must then prepay the principal of the other notes payable under the Loan Agreement until the excess is eliminated. Interest only on borrowings under our revolving line of credit facility is payable monthly on the first day of each month. Loans made to us under the revolving line of credit bear interest at the prime rate plus 0.5%. As of March 31, 2006, our interest rate on the revolving line of credit was 8.25%. Upon entering into the Sixth Amended and Restated Loan Agreement, the revolving line of credit was renewed; the maturity was extended from January 1, 2006 to December 1, 2006.

\$10.0 Million Multiple Advance Term Loan Facility. This multiple advance term loan facility allowed us to request advances from time to time through March 14, 2006 in an aggregate amount not to exceed the lesser of \$10.0 million or the amount available for advances under the borrowing base established by the bank. Re-borrowings are not permitted under this facility. As of March 31, 2006, no additional amounts were available for advances under this facility, and the principal amount outstanding under this multiple term advance loan facility at March 31, 2006 was \$10.0 million. Loans made to us under this facility bear interest at the greater of (1) the prime rate plus 0.5% or (2) 6.25%. As of March 31, 2006, our interest rate on the multiple advance term loan facility was 8.25%. Interest only under this credit facility is due and payable on the first day of each month commencing May 1, 2005 and continuing through April 1, 2006. Principal under this credit facility is due and payable in 59 monthly installments in an amount equal to 1/60th of the outstanding principal balance on May 1, 2006 with a like installment due on the first day of each succeeding month through March 1, 2011, with interest on the unpaid principal balance being due and payable on the same dates as principal payments. All outstanding principal and unpaid interest is due on April 1, 2011.

#### NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Advancing Line of Credit Facility. This advancing line of credit facility allowed us to request advances in an aggregate amount not to exceed the lesser of \$10.0 million or the amount available for advances under the borrowing base established by the bank. Re-borrowings are not permitted under this facility. As of March 31, 2006, additional advances under this facility were not permitted. On March 8, 2006, an additional \$5.0 million was paid on the principal. The principal amount outstanding under this facility at March 31, 2006 was \$2.4 million. Loans made to us under this facility bear interest at the greater of (1) the prime rate plus 0.5% or (2) 5.25%. As of March 31, 2006, our interest rate on this facility was 8.25%. Interest only under this credit facility was due and payable on the 15th day of each month commencing December 15, 2003 and continuing through November 15, 2004. Principal under this credit facility is due and payable in 59 monthly installments of \$167 thousand each, commencing December 15, 2004 and continuing through October 15, 2009. Principal payments also include payments of 1/60th of the sum of all advances made between December 15, 2004 and December 15, 2005, such amounts calculated quarterly. Interest on the unpaid principal balance is due and payable on the same dates as principal payments. All outstanding principal and unpaid interest is due on November 15, 2009.

\$8.0 Million Term Loan. This term loan is a traditional term loan facility. We may not request additional advances under this facility and re-borrowings are not permitted. As of March 31, 2006, the principal amount outstanding under this term loan was \$6.95 million. Loans made to us under this credit facility bear interest at the greater of (1) the prime rate plus 0.5% or (2) 6.0%. As of March 31, 2006, our interest rate on this term loan facility was 8.25%. Principal under this credit facility is due and payable in 84 monthly installments of \$95 thousand each, commencing February 1, 2005 and continuing through December 1, 2011. Interest on the unpaid principal balance is due and payable on the same dates as principal payments. All outstanding principal and unpaid interest is due on January 1, 2012.

The maturity dates of the loan facilities may be accelerated by the bank upon the occurrence of an event of default under the Loan Agreement.

#### (7) Common Stock Warrants and Options

In 2001, the Company completed an offering of units consisting of subordinated debt and warrants. Each unit consisted of a \$25 thousand 10% subordinated note due December 31, 2006 and a five-year warrant to purchase 10,000 shares of the Company's common stock at \$3.25 per share. On August 26, 2005, we prepaid all of the outstanding 10% subordinated notes that were due December 31, 2006. As of March 31, 2006, 50,000 of these warrants are outstanding.

In March 2001 and April 2002, warrants to purchase 68,524 thousand shares of common stock at \$2.50 per share and 16,472 shares at \$3.25 per share, respectively, were issued to certain board members and stockholders as compensation for their debt guarantees. As of March 31, 2006, warrants to purchase 30,832 shares at \$2.50 per share and 5,318 shares at \$3.25 per share remained outstanding.

On August 26, 2005, we entered into a non-statutory Stock Option Agreement with Mr. Steve C. Taylor, our CEO and President. The Stock Option Agreement grants to Mr. Taylor a ten-year option to purchase 45,000 shares of our common stock at an exercise price equal to \$9.22 (the fair market value of our common stock on January 13, 2005, the date we initially hired Mr. Taylor), with 15,000 shares vesting on each of January 13, 2006, 2007 and 2008. The options expire ten years from the date of grant.

#### NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Compensation expense of \$73 thousand was recognized related to options that vested in the three month period ended March 31, 2006.

#### (8) Sale of Common Stock

On March 8, 2006, we sold 2,468,000 shares of our common stock pursuant to a public offering at a price of \$17.50 per share, resulting in net proceeds to us of \$40.7 million. We did not receive any proceeds from sales by certain selling stockholders. We granted the underwriter an option for a period of 30 days to purchase up to an additional 427,500 shares to cover over-allotments, if any. On March 27, 2006, the underwriter exercised its over-allotment option and on March 30, 2006, the Company sold an additional 427,500 shares, resulting in proceeds to the Company of \$7.1 million, in addition to the net proceeds of \$40.7 million from the sale of the 2,468,000 shares of common stock on March 8, 2006. The net proceeds after offering costs to us were \$47.1 million and a portion has been used to reduce our bank debt by \$5.0 million.

Three Months Ended

#### (9) Earnings per Share

The following table reconciles the numerators and denominators of the basic and diluted earnings per share computation.

		Months End Iarch 31,	ed

#### NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

#### (10) Segment Information

FAS No. 131, *Disclosures About Segments of an Enterprise and Related Information*, establishes standards for public companies relating to the reporting of financial and descriptive information about their operating segments in financial statements. Operating segments are components of an enterprise about which separate financial information is available that is evaluated regularly by chief operating decision makers in how to allocate resources and in assessing performance.

#### The Company identifies its segments based upon major revenue sources as follows:

For the three months ended March 31, 2006

	Sales	Service & Maintenance	Rental	Corporate	Total
Revenue	\$7,993	\$278	\$5,307	_	\$ 13,578

#### (11) Legal Proceedings

We are a party to one lawsuit arising in the ordinary course of our business. While management is unable to predict the ultimate outcome of this action, management believes that any ultimate liability arising from this action will not have a material adverse effect on our consolidated financial position, results of operations or cash flow, except as discussed herein. We are not currently a party to any other legal proceedings and we are not aware of any other threatened litigation.

\*\*\*\*\*

#### Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The discussion and analysis of our financial condition and results of operations are based on, and should be read in conjunction with, our condensed consolidated financial statements and the related notes included elsewhere in this report and in our December 31, 2005 Form 10-K on file with the SEC. All amounts are in thousands unless otherwise noted, except per share data.

#### Overview

We fabricate, manufacture, rent and sell natural gas compressors and related equipment. Our primary focus is on the rental of natural gas compressors. Our rental contracts generally provide for initial terms of six to 24 months. After the initial term of our rental contracts, most of our customers have continued to rent our compressors on a month-to-month basis. Rental amounts are paid monthly in advance and include maintenance of the rented compressors. As of March 31, 2006, we had 863 natural gas compressors totaling 97,293 horsepower rented to 77 third parties, compared to 601 natural gas compressors totaling 66,250 horsepower rented to 56 third parties at March 31, 2005. Of the 863 natural gas compressors, 95 were rented to Dominion Exploration & Production, Inc. and its affiliates.

We also fabricate natural gas compressors for sale to our customers, designing compressors to meet unique specifications dictated by well pressures, production characteristics and particular applications for which compression is sought. Fabrication of compressors involves the purchase by us of engines, compressors, coolers and other components, and then assembling these components on skids for delivery to customer locations. These major components of our compressors are acquired through periodic purchase orders placed with third-party suppliers on an "as needed" basis, which presently requires a three to four month lead time with delivery dates scheduled to coincide with our estimated production schedules. Although we do not have formal continuing supply contracts with any major supplier, we believe we have adequate alternative sources available. In the past, we have not experienced any sudden and dramatic increases in the prices of the major components for our compressors. However, the occurrence of such an event could have a material adverse effect on the results of our operations and financial condition, particularly if we were unable to increase our rental rates and sales prices proportionate to any such component price increases.

We also manufacture a proprietary line of compressor frames, cylinders and parts, known as our CiP (Cylinder-in-Plane) product line. We use finished CiP component products in the fabrication of compressor units for sale or rental by us or sell the finished component products to other compressor fabricators. We also design, fabricate, sell, install and service flare stacks and related ignition and control devices for onshore and offshore incineration of gas compounds such as hydrogen sulfide, carbon dioxide, natural gas and liquefied petroleum gases. To provide customer support for our compressor and flare sales businesses, we stock varying levels of replacement parts at our Midland, Texas facility and at field service locations. We also provide an exchange and rebuild program for screw compressors and maintain an inventory of new and used compressors to facilitate this business.

We provide service and maintenance to our customers under written maintenance contracts or on an as required basis in the absence of a service contract. As of March 31, 2006, we had written maintenance agreements with third parties relating to 47 compressors, the majority of which were owned by Dominion Exploration. Maintenance agreements typically have terms of six months to one year and require payment of a monthly fee.

# NATURAL GAS SERVICES GROUP, INC.

The following table sets forth our revenues from each of our three business segments for the periods presented:

	Three Month	is Ended March 31,
	2005	2006
Sales	\$ 7,146	\$ 7,993
Service and maintenance	464	278
Rental	3,431	5,307
Total	\$ 11,041	\$ 13,578

On January 3, 2005, we completed the acquisition of Screw Compression Systems, Inc., or "SCS," for consideration consisting of \$8.0 million in cash, subordinated promissory notes payable by us to the former stockholders of SCS in the aggregate principal amount of \$3.0 million, and 609,756 shares of our common stock. As a result of this acquisition, our results of operations for periods before and after the completion of the acquisition may not be comparable.

Historically, the majority of our revenues and income from operations has come from our compressor rental business. The acquisition of SCS, which is engaged primarily in the business of custom fabrication of compressors for sale to third parties, significantly altered the mix of our revenues, with compressor sales now contributing the largest percentage of our revenues. Margins, exclusive of depreciation, for our rental business have recently averaged 60% to 65%, while margins for the compressor sales business have recently averaged 20%. As a result of the SCS acquisition, therefore, our overall margins have declined in 2005 compared to prior periods because of the difference in our product mix. Our strategy for growth is focused on our compressor rental business, and we intend to use the additional fabrication capacity now available through SCS to expand our rental fleet while continuing SCS's core custom fabrication business. As our rental business grows and contributes a larger percentage of our total revenues, we expect our overall margins to improve from those experienced in 2005.

The oil and gas equipment rental and services industry is cyclical in nature. The most critical factor in assessing the outlook for the industry is the worldwide supply and demand for natural gas and the corresponding changes in commodity prices. As demand and prices increase, oil and gas producers increase their capital expenditures for drilling, development and production activities. Generally, the increased capital expenditures ultimately result in greater revenues and profits for services and equipment companies.

In general, we expect our overall business activity and revenues to track the level of activity in the natural gas industry, with changes in domestic natural gas production and consumption levels and prices more significantly affecting our business than changes in crude oil and condensate production and consumption levels and prices. We also believe that demand for compression services and products is driven by declining reservoir pressure in maturing natural gas producing fields and, more recently, by increased focus by producers on non-conventional natural gas production, such as coalbed methane, gas shales and tight gas, which typically requires more compression than production from conventional natural gas reservoirs.

#### NATURAL GAS SERVICES GROUP, INC.

Demand for our products and services have been strong throughout 2004 and 2005. We believe demand will remain strong throughout 2006 due to high oil and natural gas prices and increased demand for natural gas. Because of these market fundamentals for natural gas, we believe the long-term trend of activity in our markets is favorable. However, these factors could be more than offset by other developments affecting the worldwide supply and demand for natural gas. Additionally, activity created by recent increases in the price of natural gas may make it difficult to meet the demands of our markets.

For fiscal year 2006, our forecasted capital expenditures are \$27 to \$32 million, primarily for additions to our compressor rental fleet. We believe that the proceeds from our recently completed public offering of common stock, together with funds available to us under our bank credit facility and cash flows from operations will be sufficient to satisfy our capital and liquidity requirements through 2006. We may further require additional capital to fund any unanticipated expenditures, including any acquisitions of other businesses. Additional capital may not be available to us when we need it or on acceptable terms.

#### **Results of Operations**

#### Three months ended March 31, 2005, compared to the three months ended March 31, 2006.

The table below shows our revenues, percentage of total revenues, gross profit, exclusive of depreciation, and gross profit margin of each of our segments for the three months ended March 31, 2005 and March 31, 2006. The gross profit margin is the ratio, expressed as a percentage, of gross profit, exclusive of depreciation, to total revenue.

	Th	Revenue Three Months Ended March 31,				oss Profit, exclusive Three Months End		
	2005		2006		2005		2006	
Sales	\$ 7,146	65%	\$ 7,993	59%	\$ 1,524	21%	\$ 2,274	28%
Service and Maintenance	464	4%	278	2%	\$ 174	38%	87	31%
Rental	3,431	31%	5,307	39%	2,223	65%	\$ 3,227	61%
Total	\$ 11,041		\$ 13,578		\$ 3,921	36%	\$ 5,588	41%

Total revenue increased from \$11.0 million to \$13.6 million, or 23.0%, for the three months ended March 31, 2006, compared to the same period ended March 31, 2005. This was mainly the result of increased rental revenue and additional compressor sales. Rental revenue increased 54.7% and sales revenue increased 11.9% and these were offset by a decrease in service and maintenance revenue of 40.1%.

Rental revenue increased from \$3.4 million to \$5.3 million, or 54.7%, for the three months ended March 31, 2006, compared to the same period ended March 31, 2005. This increase was the result of additional units added to our rental fleet and rented to third parties. The company ended the period with 919 compressor packages in its rental fleet, up from 661 units at March 31, 2005. The rental fleet has a utilization of 94% as of March 31, 2006.

Sales revenue increased from \$7.1 million to \$8.0 million, or 11.9%, for the three months ended March 31, 2006, compared to the same period ended March 31, 2005. Sales from outside sources included: (1) compressor unit sales, (2) flare sales, (3) parts sales and (4) compressor rebuilds.

#### NATURAL GAS SERVICES GROUP, INC.

Service and maintenance revenue decreased from \$464 thousand to \$278 thousand, or 40.1%, for the three months ended March 31, 2006, compared to the same period ended March 31, 2005. This decrease was mainly the result of the change in our maintenance contract in Michigan with Dominion Resources and began January 1, 2006.

The overall gross margin percentage, exclusive of depreciation, increased to 41.2% for the three months ended March 31, 2006, from 35.5% for the same period ended March 31, 2005. This increase resulted mainly from the relative increase in compressor rental revenue as a percentage of the total revenue. Our rental fleet carried a gross margin averaging 60.8%, and compressor sales margins average 28.4% for the three months ended March 31, 2006, therefore the total margins increased as the higher margin product became a larger part of our product mix.

Selling expense increased from approximately \$229 thousand, to approximately \$302 thousand or 31.9% for the three months ended March 31, 2006, as compared to the same period ended March 31, 2005. This increase is the result of increased commissions and also added salaries for sales people added to our sales force.

General and administrative expenses increased from approximately \$904 thousand, to approximately \$966 thousand or 6.9% for the three months ended March 31, 2006, as compared to the same period ended March 31, 2005. This increase is mainly the result of stock option compensation expense of \$73 thousand due to the adoption of SFAS 123 (R).

Depreciation and amortization expense increased 33.2% from \$951 thousand, to \$1.3 million for the three months ended March 31, 2006, compared to the same period ended March 31, 2005. This increase was the result of 258 new gas compressor rental units being added to rental fleet from March 31, 2005 to March 31, 2006, thus increasing the depreciable base.

Other income net of other expense increased approximately \$129 thousand for the three months ended March 31, 2006, compared to the same period ended March 31, 2005. This increase is mainly the result of additional interest income from our money market accounts.

Interest expense increased 18.5% for the three months ended March 31, 2006, compared to the same period ended March 31, 2005, mainly due to increased loan balances financing rental equipment.

Provision for income tax increased from approximately \$528 thousand to \$997 thousand or 88.8%, and is the result of the increase in taxable income.

#### **Critical Accounting Policies and Practices**

A discussion of our critical accounting policies is included in the Company's Form 10-K for the year ended December 31, 2005.

Effective January 1, 2006, the Company adopted the fair value recognition provisions of Statement of Financial Accounting Standard 123(R) "Share-Based Payment" ("SFAS 123(R)") using the modified prospective transition method. In addition, the Securities and Exchange Commission issued Staff Accounting Bulletin No. 107 "Share-Based Payment" ("SAB 107") in March, 2005, which provides supplemental SFAS 123(R) application guidance based on the views of the SEC. Under the modified prospective transition method, compensation cost recognized in the quarterly period ended March 31, 2006 includes: (a) compensation cost for all share-based payments granted prior to, but not yet vested as of January 1, 2006, based on the grant date fair value estimated in accordance with the original provisions of SFAS No. 123, and (b) compensation cost for all share-based payments granted beginning January 1, 2006, based on the grant date fair value estimated in

#### NATURAL GAS SERVICES GROUP, INC.

accordance with the provisions of SFAS 123(R). In accordance with the modified prospective transition method, results for prior periods have not been restated. The adoption of SFAS 123(R) resulted in stock compensation expense for the quarterly period ended March 31, 2006 of \$73 thousand to income before income taxes.

#### **Recently Issued Accounting Pronouncements**

On December 16, 2004, the FASB published FASB Statement No. 123 (revised 2004), *Share-Based Payment* ("Statement 123R"), requiring that the compensation cost relating to share-based payment transactions be recognized in financial statements. That cost will be measured based on the fair value of the equity or liability instruments issued. We adopted Statement 123 (R) as of January 1, 2006. See Note 4 for discussion of the impact of the adoption of Statement No. 123 (R).

#### **Liquidity and Capital Resources**

Historically, we have funded our operations through public and private offerings of our equity securities, subordinated debt, bank borrowings and cash flow from operations. Proceeds of financings were primarily used to pay debt and to fund the manufacture and fabrication of additional units for our rental fleet of natural gas compressors.

At March 31, 2006, we had cash and cash equivalents of \$42.4 million, working capital of \$53.1 million and total debt of \$22.1 million of which \$4.6 million was classified as current. We had positive net cash flow from operating activities of \$3.1 million during the first three months of 2006. This was primarily from net income of \$1.7 million, an increase in accounts payable and accrued liabilities of \$2.8 million offset by an increase in inventories of \$3.8 million during the three months ended March 31, 2006.

For the three months ended March 31, 2006, we invested \$5.1 million in equipment for our rental fleet and service vehicles. We financed this activity with bank debt, cash flow from operations and public offering proceeds. We borrowed \$734 thousand in the first three months of 2006. In addition we have repaid \$6.8 million of our existing debt.

On March 8, 2006, we sold 2,468,000 shares of our common stock pursuant to a public offering at a price of \$17.50 per share, resulting in net proceeds to us of \$40.7 million. We did not receive any proceeds from sales by certain selling stockholders. We granted the underwriter an option for a period of 30 days to purchase up to an additional 427,500 shares to cover over-allotments, if any. On March 27, 2006, the underwriter exercised its over-allotment option and on March 30, 2006, the Company sold an additional 427,500 shares, resulting in proceeds to the Company of \$7.1 million, in addition to the net proceeds of \$40.7 million from the sale of the 2,468,000 shares of common stock on March 8, 2006. The net proceeds after offering costs to us were \$47.1 million and a portion has been used to reduce our bank debt by \$5.0 million. The remainder will be used for the 2006 capital expenditure budget, working capital and general corporate purposes.

#### **Contractual Obligations and Commitments**

We have contractual obligations and commitments that affect our consolidated results of operations, financial condition and liquidity. The following table is a summary of our significant cash contractual obligations:

				ligation Due in Perio thousands of dollars			
	2006 (1)	2007	2008	2009	2010	years	After 5 Total
Credit facility (secured)	\$ 4,587	\$ 4,043	\$ 3,143	\$ 3,143	\$ 3,143	\$ 2,071	\$ 20,130
Interest on credit facility (2)	1,382	1,048	769	526	282	80	4,087
Subordinated debt	_	1,000	1,000	_	_	_	2,000
Facilities and office leases	110	129	62	29	29	106	465
Purchase obligations	_	_	_	_	_	_	_
Total	\$ 6,079	\$ 6,220	\$ 4,974	\$ 3,698	\$ 3,454	\$ 2,257	\$ 26,682

<sup>(1)</sup> For the nine months remaining in 2006.

#### Senior Bank Borrowings

On January 03, 2006, we entered into a Sixth Amended and Restated Loan Agreement with Western National Bank, Midland, Texas, provides for the following loan facilities:

- \$8.0 Million Term Loan Facility;
- \$10.0 Million Multiple Advance Term Loan Facility;
- Revolving Line of Credit Facility; and
- · Advancing Line of Credit Facility.

All outstanding principal under our \$10.0 Million Multiple Advance Term Loan Facility is due and payable on April 1, 2011, and all outstanding principal under our \$8.0 Million Term Loan Facility is due and payable on January 1, 2012. The outstanding principal balance of our Advancing Line of Credit Facility is due and payable on November 15, 2009.

Our Revolving Line of Credit Facility matures on December 1, 2006.

On March 8, 2006, we paid an additional \$5.0 million on the principal of the Advancing Line of Credit Facility.

Our obligations under the Loan Agreement continue to be collateralized by substantially all of our assets, including our equipment, trade accounts receivable and other personal property, the stock we own in SCS, and by the real estate and related plant facilities owned by SCS.

<sup>(2)</sup> Assumes no change in the prime rate.

#### Subordinated Debt

The principal amounts of the promissory notes issued to the three stockholders of SCS as part of the consideration for the acquisition of SCS are in the aggregate principal amounts of \$2.1 million, \$600 thousand and \$300 thousand. The principal of each note is payable in three equal annual installments, commencing on January 3, 2006. Accrued and unpaid interest on the unpaid principal balance of each note is payable on the same dates as, and in addition to, the installments of principal. Under the terms of our Loan Agreement with our bank lender, we are prohibited from making payments on these notes if at the time of any such payment we are then in default under the Loan Agreement or if any such payment would cause or result in a default under the Loan Agreement.

To secure payment of these notes, our bank lender issued for our account three separate letters of credit for the benefit of the holder of each respective note. The \$2.1 million promissory note is secured by a letter of credit in the face amount of \$1.4 million; the \$600 thousand promissory note is secured by a letter of credit in the face amount of \$400 thousand; and the \$300 thousand promissory note is secured by a letter of credit in the face amount of \$200 thousand.

The letters of credit expire February 3, 2008. Drafts for payment under each beneficiary's respective letter of credit may be made by the beneficiary only upon our default in payment of the promissory note. If a draft for payment is not presented on or before February 3, 2007, the face amount of the letter of credit will automatically be reduced by one-half.

On January 3, 2006, we paid the first installment of the annual payments in the amount of \$1.0 million in principal.

#### **Off-Balance Sheet Arrangements**

We do not participate in financial transactions that generate relationships with unconsolidated entities or financial partnerships. Such entities often referred to as variable interest entities or special purpose entities are generally established for the purpose of facilitating off-balance sheet arrangements or other contractually narrow or limited purposes. We were not involved in any unconsolidated financial transactions with variable interest or special purpose entities during any of the reporting periods in this report and have no intention to participate in such transactions in the foreseeable future.

#### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

#### **Commodity Risk**

Our commodity risk exposure is the pricing applicable to oil and natural gas production. Realized commodity prices received for such production are primarily driven by the prevailing worldwide price for crude oil and spot prices applicable to natural gas. Depending on the market prices of oil and natural gas, companies exploring for oil and natural gas may cancel or curtail their drilling programs, thereby reducing demand for our equipment and services.

#### **Interest Rate Risk**

We are exposed to market risk primarily from changes in interest rates.

#### NATURAL GAS SERVICES GROUP, INC.

We rely heavily upon debt financing provided by our bank lender. Most of these instruments contain interest provisions that are at least a one-half percentage point above the published prime rate. This creates a vulnerability to us relative to the movement of the prime rate. As the prime rate increases, our cost of funds will increase and affect our ability to obtain additional debt. We have not engaged in any hedging activities to offset these risks.

At March 31, 2006, we were exposed to interest rate fluctuations on \$20.1 million of bank borrowings carrying adjustable interest rates. A hypothetical one hundred basis point increase in interest rates for these notes payable would increase our annual interest expense by \$201 thousand. Due to the uncertainty of fluctuations in interest rates and the specific actions that might be taken by us to mitigate the impact of such fluctuations and their possible effects, the foregoing sensitivity analysis assumes no changes in our financial structure.

#### **Financial Instruments and Debt Maturities**

Our financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable, bank borrowings, and notes. The carrying amounts of cash and cash equivalents, accounts receivable and accounts payable approximate fair value due to the highly liquid nature of these short-term instruments. The fair value of the bank borrowings approximate the carrying amounts as of December 31, 2005 and 2004, and were determined based upon interest rates currently available to us for borrowings with similar terms.

#### **Customer Credit Risk**

We are exposed to the risk of financial non-performance by customers. Our ability to collect on sales to our customers is dependent on the liquidity of our customer base. To manage customer credit risk, we monitor credit ratings of customers and seek to minimize exposure to any one customer where other customers are readily available. Unless we are able to retain our existing customers, or secure new customers if we lose one or more of our significant customers, our revenue and results of operations would be adversely affected.

#### Item 4. CONTROLS AND PROCEDURES

#### (a) Evaluation of Disclosure Controls and Procedures.

Under the supervision and with the participation of certain members of Natural Gas Services Group, Inc's management, the chief executive officer and the vice-president of accounting evaluated the effectiveness of the design and operation of the disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")) of Natural Gas Services Group, Inc. as of the end of the period covered by this report. Based on this evaluation, the chief executive officer and vice-president of accounting concluded that, as of the end of the period covered by this report, Natural Gas Services Group, Inc's disclosure controls and procedures were effective to ensure that information required to be disclosed by Natural Gas Services Group, Inc. in the reports that it files under the Exchange Act is collected, processed and disclosed within the time periods specified in the Commission's rules and forms.

#### (b) Changes in Internal Controls.

There were no changes in Natural Gas Services Group, Inc's internal controls during the period covered by this report that have materially affected or are reasonably likely to materially affect Natural Gas Services Group, Inc's internal controls over financial reporting. In addition, to the knowledge of the chief executive officer and vice-president of accounting there were no changes in other factors that could significantly affect these controls subsequent to the date of the most recent evaluation made by the chief executive officer and the vice-president of accounting.

#### PART II - OTHER INFORMATION

#### **Item 1. Legal Proceedings**

We are a party to one lawsuit arising in the ordinary course of our business. While management is unable to predict the ultimate outcome of this action, management believes that any ultimate liability arising from this action will not have a material adverse effect on our consolidated financial position, results of operations or cash flow. Except as discussed herein, we are not currently a party to any other legal proceedings and we are not aware of any other threatened litigation.

#### **Item 1A. Risk Factors**

Please refer to and read "Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2005, one of which has been updated as set forth below.

#### Our current debt level is high and may negatively impact our current and future financial stability.

As of March 31, 2006, we had an aggregate of approximately \$20.1 million of outstanding indebtedness, not including outstanding letters of credit in the aggregate face amount of \$2.0 million, and accounts payable and accrued expenses of approximately \$8.5 million. As a result of our significant indebtedness, we might not have the ability to incur any substantial additional indebtedness. The level of our indebtedness could have several important effects on our future operations, including:

- our ability to obtain additional financing for working capital, acquisitions, capital expenditures and other purposes may be limited;
- a significant portion of our cash flow from operations may be dedicated to the payment of principal and interest on our debt, thereby reducing funds available for other purposes; and
- our significant leverage could make us more vulnerable to economic downturns.

On March 24, 2006, we entered into a Modification Agreement with Western National Bank, Midland, Texas. This Modification Agreement of our existing loan agreement with Western National Bank, Midland, Texas adjusted the rate per annum from Prime Rate plus 0.5% to the Prime Rate. This Modification Agreement is effective April 1, 2006.

At March 31, 2006, we were exposed to interest rate fluctuations on \$20.1 million of bank borrowings carrying adjustable interest rates. A hypothetical one hundred basis point increase in interest rates for these notes payable would increase our annual interest expense by \$201 thousand. Due to the uncertainty of fluctuations in interest rates and the specific actions that might be taken by us to mitigate the impact of such fluctuations and their possible effects, the foregoing sensitivity analysis assumes no changes in our financial structure.

# Item 6. Exhibits

The following exhibits are filed herewith or incorporated herein by reference, as indicated:

Exhibit No.	Description
2.1	Purchase and Sale Agreement by and between Hy-Bon Engineering Company, Inc. and NGE Leasing, Inc. (Incorporated by reference to Exhibit 2.1 of the Registrant's Current Report on Form 8-K dated February 28, 2003 and filed with the Securities and Exchange Commission on March 6, 2003)
3.1	Articles of Incorporation, as amended (Incorporated by reference to Exhibit 3.1 of the Registrant's 10-QSB dated November 10, 2004 and filed with the Securities and Exchange Commission on November 10, 2004)
3.2	Bylaws (Incorporated by reference to Exhibit 3.4 of the Registrant's Registration Statement on Form SB-2, No. 333-88314)
4.1	Form of warrant certificate (Incorporated by reference to Exhibit 4.1 of the Registrant's Registration Statement on Form SB-2, No. 333-88314)
4.2	Form of warrant agent agreement (Incorporated by reference to Exhibit 4.2 of the Registrant's Registration Statement on Form SB-2, No. 333-88314)
4.3	Form of representative's option for the purchase of common stock (Incorporated by reference to Exhibit 4.4 of the Registrant's Registration Statement on Form SB-2, No. 333-88314)
4.4	Form of representative's option for the purchase of warrants (Incorporated by reference to Exhibit 4.5 of the Registrant's Registration Statement on Form SB-2, No. 333-88314)
4.5	Stockholders Agreement, dated January 3, 2005 among Paul D. Hensley, Tony Vohjesus, Jim Hazlett and Natural Gas Services Group, Inc. (Incorporated by reference to Exhibit 4.3 of the Registrant's From 8-K Report, dated January 3, 2005, as filed with the Securities and Exchange Commission on January 7, 2005)
	Executive Compensation Plans and Arrangements (Exhibits 10.1, 10.23, 10.24, 10.25, 10.32, 10.33 and 10.35).
10.1	1998 Stock Option Plan (Incorporated by reference to Exhibit 10.1 of the Registrant's Registration Statement on Form SB-2, No. 333-88314)
10.2	Asset Purchase Agreement, dated January 1, 2001, between the Registrant and Great Lakes Compression, Inc. (Incorporated by reference to Exhibit 10.2 of the Registrant's Registration Statement on Form SB-2, No. 333-88314)
10.3	Exhibits 3(c)(1), 3(c)(2), 3(c)(3), 3(c)(4), 13(d)(1), 13(d)(2) and 13(d)(3) to Asset Purchase Agreement, dated January 1, 2001, between the Registrant and Great Lakes Compression, Inc. (Incorporated by reference to Exhibit 10.14 of the Registrant's Registration Statement on Form SB-2, No. 333-88314)
	23

Exhibit No.	Description
10.4	Amendment to Guaranty Agreement between Natural Gas Services Group, Inc. and Dominion Michigan Production Services, Inc.
	(Incorporated by reference to Exhibit 10.3 of the Registrant's Registration Statement on Form SB-2, No. 333-88314)
10.5	Form of Series A 10% Subordinated Notes due December 31, 2006 (Incorporated by reference to Exhibit 10.8 of the Registrant's Registration Statement on Form SB-2, No. 333-88314)

#### EXHIBIT 31.1

#### Certification of Principal Executive Officer Under Section 302 of the Sarbanes-Oxley Act of 2002

I, Stephen C. Taylor, Chief Executive Officer of Natural Gas Services Group, Inc., certify that:

- 1. I have reviewed this Quarterly Report on Form 10-Q of Natural Gas Services Group, Inc.;
- 2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
- 3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
- 4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) for the registrant and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - (b) Omitted;
  - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

- 5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design of operation of internal control over financial reporting which are reasonably likely to adversely effect the registrant's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
